

BELAIR					
Radio	PN	SKU	Key Needed	Architecture	FIPS 140-2 Certified or AES encrypted
200 Series Mesh Node - Defense Platform BA200D Chassis with (3) 802.11a/n (4.4GHz) Radios.	BA200D-03 FIPS	339948	n/a	Mesh	Certified integrated module from 3e Technologies International, Inc.
200 Series Mesh Node - Defense Platform BA200D Chassis with (4) 802.11a/n (4.4GHz) Radios	BA200D-04 FIPS	399532	n/a	Mesh	Certified integrated module from 3e Technologies International, Inc.
100 Series Mesh Nodes	various	various	385419 - BelAir100D Standalone FIPS Inline Encryptor - 3E-636S-2	Mesh	Certified integrated module from 3e Technologies International, Inc.

CAMBIUM					
Radio	PN	SKU	Key Needed	Architecture	FIPS 140-2 Certified or AES encrypted
PTP600 Series - When operated in FIPS mode and with the tamper evident seals installed as indicated in the Security Policy	various	various	356174 - PTP600 (FIPS) Software Upgrade	PTP	Certified
PTP800 Series	various	various	316823 - AES License Key 256bit	PTP	AES-256 encryption, FIPS review in process

FIRETIDE					
Radio	PN	SKU	Key Needed	Architecture	FIPS 140-2 Certified or AES encrypted
HotPort Indoor 7010 Dual Radio FIPS Triband Node	7010-FIPS	349888	n/a	Mesh	AES-256 encryption
HotPort Outdoor 7020 FIPS Dual Radio Triband Node	7020-FIPS	399839	n/a	Mesh	AES-256 encryption

REDLINE					
Radio	PN	SKU	Key Needed	Architecture	FIPS 140-2 Certified or AES encrypted
AN-80i 3.65 GHz System Terminal	80IRR-G-G-T35	354023	346295 - AN-80i Sector Controllers (80I-B-WE2) 366355 - AN-80i subscriber (80I-S-WE2)	PTMP	Certified
AN-80i 4.900 - 5.350 GHz System Terminal	80IRR-G-G-T49	374438	374931 - Encryption Keys for the PTP System Terminals (80I-P-WE2)	PTP	Certified
AN-80i 5.470 - 5.725 GHz System Terminal	80IRR-G-G-T54	344476	374931 - Encryption Keys for the PTP System Terminals (80I-P-WE2)	PTP	Certified
AN-80i 5.725 - 5.850 GHz System Terminal	80IRR-G-G-T58	344025	374931 - Encryption Keys for the PTP System Terminals (80I-P-WE2)	PTP	Certified
RDL-3000 4.9 to 5.8 GHz Platform	3KRR-G-GT5X	338595	398193 - RDL-3000 key to enable SecureLink functionality in PTP, requires any RapidLINK key. (RAPIDLINKPTP-LITE - 368811, RAPIDLINKPTP-120 - 308756) 348316 - RDL-3000 sector controller software. Enables SecureLink functionality in SC, requires MSV-SC-Lite (358111) or MSV-SC-512 (348637) 308109 - RDL-3000 subscriber station software. Enables SecureLink functionality in SS, requires MSV-SS-120 key (338566)	PTMP	AES-128 and AES-256 encryption options
