

Code of Business Conduct and Ethics Amendments

On January 22, 2014, TESSCO Technologies Incorporated (the “Company”) updated its Code of Business Conduct and Ethics (the “Code”). The Code applies to all employees, officers and directors of the Company, including the Company’s principal executive officer, principal financial officer, principal accounting officer and controller. The updated Code supersedes the Company’s prior Code of Business Conduct and Ethics. The Code contains the Company’s general guidelines and principles for conducting business consistent with the highest standards of business ethics.

The primary reasons for amending the Code were to update certain sections of the Code, to incorporate certain of the Company’s existing policies not previously part of the Code, and to make changes in language, appearance and style to improve the readability and clarity of the Code.

The changes to the Code include, but are not limited to, the following:

- The Code includes new sections to reference the Company’s existing policies on the following matters, among others: Core Values and People Expectation, Audit Inquiry Hotline, Investigations and Enforcement, Bribes and Kickbacks, Export Controls, Commitment to the Environment, Recordkeeping and Reporting, and Protecting Assets.
- The following sections of the Code, among others, have been updated, including revisions to reflect updates in the Company’s policies and practices: Accountability, Conflict of Interest, Stock Trading Policy, Electronic Communications, Confidential Information, Social Media, and Gifts and Entertainment.

The foregoing summary of the changes to the Code is qualified in its entirety by reference to the full text of the Code, a copy of which has been posted at <http://www.tessco.com/yts/corporate/investor/pdf/tessco-code-of-business-conduct-and-ethics.pdf>.
